Nanomanufacturing Technology at Applied Materials

by **Dr. Om Nalamasu**

Vice President for Advanced Technologies and
CTO of Energy and Environmental Solutions group at Applied Materials

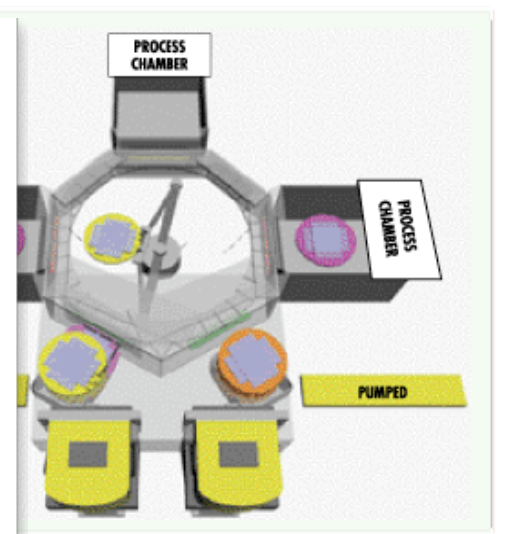

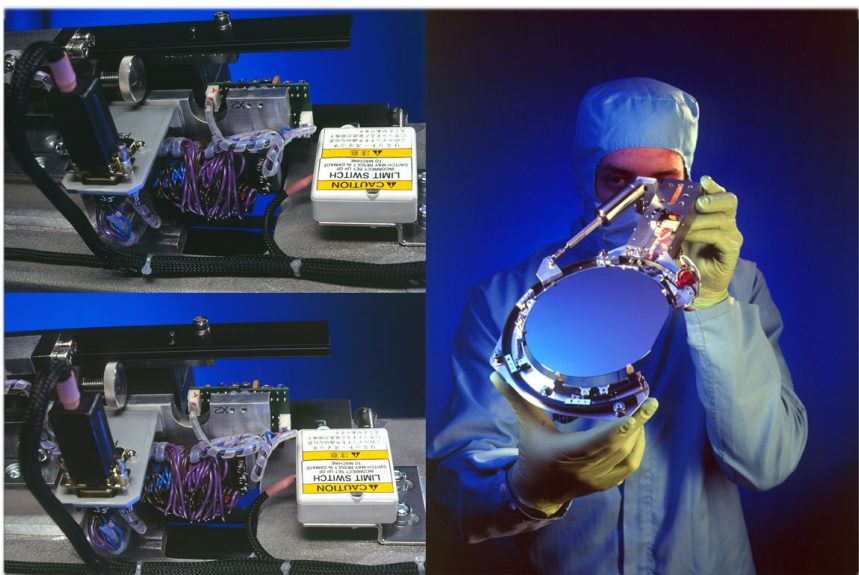

講者小資料

OMKARAM (Om) NALAMASU is the Vice President for Advanced Technologies and CTO of Energy and Environmental Solutions group at Applied Materials. In his role at Applied, Dr. Nalamasu leads Applied's research and innovation efforts through the funding/incubation of long term R&D/product development activities, spearheads investments into global academia and consortia, and guides Applied Ventures' investments into start-ups.

應用材料公司(Applied Materials)簡介

應用材料公司是全球最大的半導體設備和服務供應商。應用材料公司創建於1967年，公司總部位於美國加利福尼亞州聖克拉拉。應用材料公司1984年進入中國，目前在上海，北京，天津，蘇州，無錫等地有辦事處或倉庫，在西安設有全球開發中心。

應用材料公司的主要產品為晶元製造相關類產品，例如原子層沉積，物理氣相沉積，化學氣相沉積，電鍍，侵蝕，離子注入，快速熱處理，化學機械拋光,測量學和矽片檢測等。
